

Topaz announce new business partner

Topaz are delighted to announce the latest recruit to their partner program, Derby based, East Midlands Computers Limited.

Since 1981, EMC has specialised in the installation and support of computer system solutions for UK businesses and organisations of all sizes. They have a large user base including companies in manufacturing, services, commerce, professions, wholesale, retail, construction and many other industry sectors, to whom they provide software and hardware solutions.

EMC Managing Director, Steve Abbey commented “Our partnership with Topaz has enabled us to offer our existing and new clients functionally rich, Windows based software applications that provide flexible and scaleable solution for which we have a long pedigree of supplying. Our hard earned reputation for quality and professionalism will be fully supported by Topaz. The ability for our development team to integrate our various vertical market solutions with Topaz Financials and Topaz EMS will provide us with key competitive advantage”.

EMC have launched a sales and marketing campaign with full support from Topaz to introduce their EMCOM Business Solutions to their client base, already resulting in implementations at three leading East Midlands based organisations.

Notes to Editors

About Topaz:

Founded in 1989 by a group of like minded business professionals Topaz have developed a wide range of business solutions in many different industry sectors, focused on delivering genuine business benefits for their clients. Their ethos of recognising the unique aspects of each and every business with whom they work is demonstrated in the scalability and flexibility of their software solutions.

Topaz EMS is an integrated Payroll and HR solution with an optional Time and Attendance module, its inherent flexibility and ease of use, lends itself to many different sectors of the market providing numerous time and cost saving benefits. Whilst being competitively priced the solution is regarded as one of the most comprehensive systems on the market today. The consultancy services Topaz provide ranges from complex business process re-engineering to production of GAP analysis reports and ultimately technical specifications.

Topaz Financials covers all aspects of a financial accounting solution including sales, purchase and nominal ledgers, cashbook and fixed assets and specialise in key areas like credit control, commitment and project accounting. Their growing user base acknowledge the quality of software developed by Topaz but also the essential services and on-going support. Users come from a range of business sectors and include Education, Recruitment, Manufacturing, Professional Services and Distribution.
